

Public Utilities Commission for the Municipality of Chatham-Kent

Drinking Water Quality Management System

CK PUC Operational Plan

DWQMS Element 13 – Essential Supplies and Services

Purpose

This Policy identifies the lists of all supplies and services essential to the delivery of safe drinking-water and the means of ensuring procurement and quality.

Scope

This Policy identifies all essential supplies and services that are required for the provision of safe drinking-water and to all providers of these supplies and services.

Policy

1.0 Identification

- 1.1 Essential supplies and services shall be identified and documented in the Public Utilities Commission for the Municipality of Chatham-Kent's (C-K PUC) Essential Supplies and Services List, which outlines vendors for each item and specific guidelines for procurement.

2.0 Expectations and Quality

- 2.1 The Purchase of Essential Supplies and Services Procedure – Control No. 2000333 documents the purchase of essential supplies and services for the supply of safe drinking-water.
