Attn: Resident / Property Owner

Chatham-Kent PUC

TILBURY SANITARY SEWER REHABILITATION – PHASE 1

The Chatham-Kent PUC has retained Thames Valley Engineering Inc. to proceed with design and implementation of sewer rehabilitation works within the Community of Tilbury. The works include conventional excavation and installation for the repair of sewers and maintenance-hole replacement. The majority of the works performed will have minimal disruption to localized areas in the Community.

We currently are in the process of tendering sewer improvements in your area. We anticipate construction to commence in July of 2010, with an anticipated completion date of October 2010. During the construction activity, every effort will be made to minimize inconvenience to the public. Once a contractor is selected you will receive further notification with detailed contact information for the contractor and our site representative.

If you have any concerns or questions please contact the following two project managers:
